

Donna Dagg
Sustainable Development Coordinator, Manitoba Lotteries Corporation

Donna has a Master of Science degree and over 18 years of professional experience in environmentally related fields. As the Sustainable Development Coordinator at Manitoba Lotteries Corporation her role is to advance the Corporation's environmental goals which include waste minimization, water conservation, green purchasing and carbon emission reduction. In 2006, Manitoba Lotteries received an "Award for Excellence" in Government Finance for integrating sustainable development into business decisions from the Government and Finance Officers Association. And in 2007, Manitoba Lotteries was recognized as a Summit Award finalist for leadership in green procurement.
