

EMERGENCY DECONTAMINATION SOLUTIONS

Safety, Knowledge and Experience – The GFL Advantage

EMERGENCY SUPPORT FOR COVID-19 PANDEMIC

At GFL, we understand that the current global COVID-19 pandemic is a time of great anxiety. Now more than ever, we have a collective responsibility to protect the people around us, who live and work in the communities we serve. In these times of uncertainty, GFL's unwavering commitment to the health and safety of our customers, business partners, employees and communities remains our number one priority.

The COVID-19 pandemic has created overwhelming unforeseen challenges for institutions, businesses and industries across the country. With our diverse extensive emergency response expertise, GFL can help you get back on track. We can provide secure, round-the-clock emergency decontamination and essential service support solutions, delivered to the highest safety standards. You can trust our highly-trained response teams to support you from the start, and help you restore safe, healthy working conditions to your facility or site.

DECONTAMINATION

With the capacity to deploy across Canada, GFL is offering a national solution to customers during this COVID-19 pandemic. Our response teams are equipped and ready to provide on-site decontamination services in a wide range of environments. We have stockpiled, trained and prepared for such situations, and can be called upon 24/7 to mitigate contamination issues pertaining to COVID-19.

We can support the following services and more in decontaminating equipment or working spaces:

- Paramedic services
- Hospitals
- Universities and dormitories
- Office space
- Warehouses
- Factories and plants
- Residential and commercial housing/ condos

BUSINESS CONTINUITY AND ESSENTIAL SERVICE SUPPORT

GFL emergency management teams are available for round-the-clock, immediate deployment to help customers restore their essential services. This could include:

- Power supply/ generators
- Tents and equipment
- Emergency management staff
- Technical expertise
- Situation reports (SITREPS)
- Business continuity planning

Statement from David Hill, GFL National Director of Emergency Response:

“As we face the unpredictability of the COVID-19 pandemic together in the communities that we all share, it is more important than ever that we come together to protect the health and safety of those around us. At this challenging time, GFL can provide emergency response services that will help keep people healthy and safe as the situation continues to unfold. We pride ourselves on our ability to support our customers through practically any emergency, 24 hours a day, seven days a week, and deploy our teams with instant impact. With some of the most highly-trained, adept response teams in Canada, you can trust us to provide immediate, effective and above all safe intervention and solutions.”
